Weinbereitung

The whole bunches of Chardonnay, picked entirely by hand, were immediately given a soft pressing. The must obtained by this operation went directly into temperature-controlled stainless-steel tanks for the initial fermentation. In the spring of the following year, the wine underwent a second fermentation, this time in bottle, remaining in contact with its fine lees for an extended period.

Verkostungsnotizen

Donna Cora offers an intense yellow color. The foam is creamy, characterized by a delicate and persistent perlage which is typical of Franciacorta Satèn. The nose is elegant, with pleasant sensations of the fruity and floral fragrance of white fruit. The palate is balanced, complex, elegant and powerful at the same time.
