Brandy Antinori

Produced only 5 times in the last 50 years and in very limited quantities, Antinori Brandy is closely linked to the winemaking reality of Marchesi Antinori, being a pure distillate of wine. It is aged in small oak barrels for over 6 years, which gives Antinori Brandy an intense and distinct personality, balanced by an excellent smoothness and exceptional persistence.

Tasting note

The Antinori brandy is a spirit with a well defined personality: honied highlights in its colour, intense aromas of oak and vanilla which accompany notes of orange flowers and tea to complete the bouquet. the palate is warm, supple, and velvety with excellent length on the finish and aftertaste.
